

SPORT SURVEY

AUT

Do you identify with limb deficiency? Do you play sport?

Go in the draw: 3x \$200 vouchers to be won.
Help us learn more by completing a survey.

- The purpose of this research is **to understand how quality sport experiences can increase participation and support wellbeing** for people with impairment
- You must be 18 years or over
- Your information will be kept strictly confidential

KIA ORA TATOU

My name is Olivia Baudinet and I am a Doctoral student at AUT. I would like to invite you to participate in a sport and wellbeing survey for adults identifying with limb deficiency.

DETAILS

Research purpose

The purpose of this research is to understand more about your experiences of sport, and the wellbeing of people with limb deficiency. The aim of the research is to inform service providers about potential improvements to sport, increasing quality experiences, and supporting player wellbeing.

Why are you being invited to participate in this research?

You have been approached to participate because of your experience playing sport with a limb deficiency, and the information you can offer to the research. Your information is important to this project!

How do you participate in this research?

Please follow the link below and read the Information Sheet and Consent Form. Then you will be taken to the electronic survey.
